ROBUCK WOMENS RECYCLED LEGGINGS TAPED BLACK

These women's working leggings are designed for both comfort and style, perfect for the modern professional.

Made with a blend of high-quality, breathable and recycled fabric, they offer a flattering, smooth fit while allowing full range of motion throughout your workday.

The leggings feature a high-waisted design for extra support and a slimming effect, with an elastic waistband that ensures a secure fit. These leggings are versatile and practical, combining the best of both worlds—comfort and professionalism.
