NOSE GUARD
FOR EXTRA
COMFORT**

KEY FEATURES

Fabricated using lightweight materials for maximum breathing comfort, with minimal risk of skin irritation and high level protection.

Suitable for general patient care and medical procedures where there is a risk of exposure to blood and/or body fluids.

High-level particle protection for medical staff with a bacteria filtration efficiency of $\geq 98\%$.

3-LAYER PROTECTION

1

OUTER PROTECTIVE LAYER

Blue outer layer distinguishes mask from fluid resistant face masks and ensures correct wear.

2

FILTER LAYER

0.1-micron particle filtration and 3-micron bacteria filtration efficiency of $\geq 98\%$.

3

INNER COMFORT LAYER

Comfortable for extended wear.
